CLEARANCE

TS/SCI – **Eligible for Reinstatement**

CI Polygraph – **Previously Held**

PROFESSIONAL SUMMARY

Dual-degree graduate student at Washington University in St. Louis (4.0 GPA) with 10+ years leading cross-functional programs in enterprise technology, defense intelligence, and business operations. CSPO-certified with a track record of driving full product lifecycles from requirements through Agile delivery — 100% user adoption on a 2,000+ user migration, \$510K+ in revenue scaled from zero.

EDUCATION

Masters of Science, Engineering Management, Washington University in Saint Louis (WashU), December 2026 – **GPA: 4.0**

Masters of Science, Information Systems Management, Washington University in Saint Louis (WashU), December 2026 – **GPA: 4.0**

Masters of Science, Business Analytics, Pepperdine University, December 2021

Bachelors of Science - Military intelligence, Excelsior College, July 2020

Associates in Arts - Urdu, Defense Language Institute (DLI), April 2016

PROFESSIONAL EXPERIENCE

WASHINGTON UNIVERSITY IN SAINT LOUIS | AUGUST 2025 – PRESENT

Graduate Teaching Assistant for IT Infrastructure & Architecture

- Delivered structured instruction and individualized coaching to 32 graduate students across 2 semesters on enterprise systems architecture, cloud infrastructure, and IT design concepts — supporting consistently high course quality and student performance.
- Managed full grading lifecycle for complex technical projects and lab assignments, providing detailed written feedback that guided measurable improvements in student comprehension and technical execution across a diverse graduate cohort.

BAYER, CONTRACTED BY IBRIDGE | FEBRUARY 2022 – APRIL 2024

Product Specialist

- Led end-to-end change management and Agile rollout for a 2,000+ user migration from legacy systems to modern enterprise platforms — achieving 80% adoption within 6 months and 100% adoption by month 9, delivered on scope and on schedule.
- Facilitated weekly Agile sprint ceremonies — sprint planning, backlog grooming, and cross-functional dependency tracking — maintaining consistent delivery velocity and ensuring on-time milestone completion across a multi-team initiative.
- Authored 15+ training guides and SOPs for enterprise data science tools (AWS SageMaker, Domino DataLab, DataRobot, Posit, RStudio), reducing onboarding friction and enabling platform self-sufficiency across partner teams at scale.
- Served as primary cross-functional liaison between C-suite leadership, IT, and data science teams — aligning stakeholders across multiple business units, surfacing blockers early, and accelerating solution adoption across Bayer's Crop Science division.

JALEA PERUVIAN BISTRO | OCTOBER 2021 – JUNE 2023

Project Manager, General Manager, Owner

- Successfully developed and implemented Jalea's business plan and strategy, resulting in rapid statewide recognition:
 - Best new restaurant in Saint Louis for 2022 by multiple local publications
 - Best seafood restaurant of 2022 by River Front Times
 - Top 20 restaurant of 2023 by the St. Louis Post Dispatch.
- Developed and executed full go-to-market strategy from pre-launch through steady-state operations — scaling from \$0 to \$350K+ in Year 1 and \$510K+ by Year 3 through strategic sourcing, staffing, and iterative operational improvements.
- Built and managed a team of 10+ staff from the ground up, owning the full workforce lifecycle — hiring, onboarding, scheduling, and performance management — while sustaining quality standards through rapid revenue growth.
- Monitored and reported weekly KPIs including P&L, labor cost percentages, and vendor margins to stakeholders, enabling real-time data-driven decisions that sustained profitability across 3 consecutive years of revenue growth.

NGA, CONTRACTED BY LEIDOS | AUGUST 2020 – JULY 2021

Spanish Toponymist

- Geo-referenced and quality-assured 500+ Spanish-language geospatial entries for the Geographic Names Database (GNDB), ensuring compliance with US BGN and NATO standards and directly improving database accuracy and integrity.

-
- Applied ArcGIS Pro to conduct precision spatial analysis, integrating geo-referenced maps with existing GNDB records and contributing to the reliability of U.S. and allied geospatial naming conventions.

NGA, CONTRACTED BY BAE | MAY 2019 - AUGUST 2020

GEOINT Full-Motion Video Senior Analyst

- Delivered imagery and geospatial intelligence in a 24/7 operational environment — analyzing real-time FMV feeds to identify terrorism-related threats and produce actionable analytical reports for senior decision-makers.
- Integrated multi-discipline intelligence (HUMINT, SIGINT, IMINT) across classified platforms to synthesize comprehensive threat analyses and FMV products supporting national security and counterterrorism objectives.

CHASE-OIR/DIA, CONTRACTED BY CACI | MARCH 2018 - MAY 2019

CI/HUMINT Analyst

- Synthesized multi-source intelligence across SIPR and JWICS platforms, producing IIRs, RFIs, and asset validation products supporting Special Operations Task Force elements and strategic leadership.
- Designed and implemented vetting and screening protocols for foreign national employees, reducing insider threat risk and strengthening operational security across mission-critical programs.

U.S. ARMY | MARCH 2014 - APRIL 2018

Human Intelligence Collector (35M) with Foreign Language Training (Urdu) | HUMINT Intelligence Analyst

- Conducted HUMINT collections, source debriefings, and screenings in support of Global War on Terror operations; produced and disseminated strategic intelligence reports across multi-agency partner networks.
- Coordinated with government, military, and intelligence agency partners to enhance collective intelligence capabilities and support theater-level operational planning.

LEADERSHIP

TEIMS – Technology, Engineering, Information Systems & Management Society | AUGUST 2025 – PRESENT

President

- Lead strategic planning, operations, and member engagement for a 100+ member WashU graduate student society spanning technology, engineering, and management disciplines.
- Organize professional development events, speaker series, and industry partnerships connecting members with recruiters and alumni at top-tier companies.

AWARDS AND HONORS

BAE Impact Award (1)

Army Achievement Medal (1)

LICENSURE AND CERTIFICATION

Certified Scrum Product Owner – December 2024

Full-Motion Video Analyst (FMVA) – December 2019

Preliminary Credibility Assessment Screening System (PCASS) – June 2016

SKILLS

PM & Delivery: Agile / Scrum (CSPO) | Sprint Planning & Backlog Management | Product Roadmapping | Go-to-Market Strategy | Stakeholder Management | Change Management | OKR / KPI Tracking | Risk Mitigation | Requirements Gathering | Process Improvement

Technical: AWS (SageMaker, EC2, S3) | SIPR/JWICS | SPSS | Microsoft Office Suite | Platform Infrastructure | ArcGIS Pro | QGIS | Azure

Language: Spanish (Native) | Urdu (Proficient – DLPT 2/2/1+)
